We understand business

PB Broking is a specialised insurance broker that prides itself on the individual service and risk analysis we provide to our clients. Our clients range from professional individuals and small business to large companies.

Risks to businesses are constantly changing, and no business faces a single set of risks for more than a short period of time.

To stay ahead of our competition, PB account executives have the best systems, education and training and compliance to ensure we are constantly in touch with the latest trends in both business and risk management.

And we are local.

PB Broking was established by Paul Brady in 1986 and offered services from a small office in King St, Caboolture. Ian Yeo joined the firm in 1988 and a short time later PB moved their office into Caboolture Professional Terraces located on the Corner of Annie & East Streets, Caboolture. Our continued expansion has seen us move to a purpose built building at 14 Annie Street with a branch office in Maroochydore.
